What is an ACFC mini-presentation?

The ACFC (Advisory Council on Family Care) is a joint union/management committee, funded through Bargaining, to provide programs to help its CWA-represented employees deal with work-life issues.

These half-hour meetings provide an overview of programs sponsored by not only the ACFC, but also Anthem and Verizon.

How do I schedule these meetings?

Contact the ACFC Coordinator by emailing dutchin.m.webster@verizon.com with the following information:

- Date(s) requested
- Number of people to be covered
- Number of people to be scheduled per session
- Start time (may vary depending on location and work hours)
- Management contact – name and telephone number
- Union contact – name and telephone number

Once this information is received, you will be contacted to review in more detail.
